

## Solve An Alien Mystery At An Astro-Overnight At The Adler Planetarium!

CHICAGO – August 1, 2016 –Do you want to go on an out-of-this world adventure, spend the night at the museum and help us solve an alien mystery? Now's your chance! Explore the planetarium and use your science sleuthing skills to learn more about these enigmatic extraterrestrials at **Astro-Overnight—Expedition E.T.!** The Adler Planetarium is excited to introduce their new Astro-Overnight programming and dates for the 2017 season. Overnights will try to solve a unique space mystery through a variety of programs, sky shows, and much more.

### **What is Included**

- Unlimited access to all of our exhibitions and experiences
- Hands-on science activities with an alien twist!
- Two amazing sky shows, one exclusive to Astro-Overnight guests.
- A light night-time snack & continental breakfast.

An evening only option is also available for those who want to enjoy all of the programming, but can't stay the night.

These programs are designed for families and groups with children ages 6-12. For more details, please visit:

March 3, 2017  
March 10, 2017  
April 7, 2017  
May 5, 2017  
June 2, 2017

### **About the Adler Planetarium**

The Adler Planetarium—America's First Planetarium—is more than a museum; it is a laboratory, a classroom, and a community exploring the Universe together. Each year, over 550,000 visitors experience the museum's interactive exhibitions, live planetarium shows, hands-on, minds-on STEM education programs, and world-class collections. Founded in 1930 by Chicago business leader Max Adler, the Adler Planetarium is a recognized leader in public engagement. The museum's scientists, historians, and educators inspire the next generation of explorers and invite you to explore space with us.
