

Adler Planetarium Astronomy Conversations September 2017

Date	Time	Speaker
September 1, 2017	12:00–1:00 pm	Dr. Ben Montet University of Chicago Exoplanets, Stellar Astrophysics
September 1, 2017	2:00–3:00 pm	Dr. Dan Fabrycky Astronomer, University of Chicago Exoplanets
September 2, 2017	1:00–3:00 pm	Yuanyuan Zhang Kavli Institute for Cosmological Physics Astronomy and Cosmology
September 3, 2017	1:00–3:00 pm	Stephen Hoover Kavli Institute for Cosmological Physics Cosmology, Cosmic Microwave Background
September 4, 2017	12:00–1:00 pm	TBD
September 4, 2017	2:00–3:00 pm	Dr. Mark SubbaRao Astronomer, Adler Planetarium Large Scale Structure, Cosmology
September 5, 2017	12:00–1:00 pm	Dr. Grace Wolf-Chase Astronomer, Adler Planetarium Star Formation, IR and Radio Astronomy
September 5, 2017	2:00–3:00 pm	Dr. Mark Hammergren Astronomer, Adler Planetarium Asteroids, Solar System

September 6, 2017	12:00–1:00 pm	Ken Walczak Far Horizons, Adler Planetarium General Astronomy
September 6, 2017	2:00–3:00 pm	Dr. Lucianne Walkowicz Astronomer, Adler Planetarium Exoplanets
September 7, 2017	12:00–1:00 pm	Rick Kessler Kavli Institute for Cosmological Physics Astrophysics, Dark Energy
September 7, 2017	2:00–3:00 pm	Dr. Lucianne Walkowicz Astronomer, Adler Planetarium Exoplanets
September 8, 2017	12:00–1:00 pm	Dr. Mark Hammergren Astronomer, Adler Planetarium Asteroids, Solar System
September 8, 2017	2:00–3:00 pm	Cynthia Tarr Far Horizons, Adler Planetarium
September 9, 2017	1:00–3:00 pm	Amy Lowitz
September 10, 2017	1:00–3:00 pm	Daniel Dutcher Kavli Institute for Cosmological Physics Cosmology with the South Pole Telescope
September 11, 2017	12:00–1:00 pm	Dr. Grace Wolf-Chase Astronomer, Adler Planetarium Star Formation, IR and Radio Astronomy
September 11, 2017	2:00–3:00 pm	Dr. Lucianne Walkowicz Astronomer, Adler Planetarium Exoplanets
September	12:00–1:00 pm	Ken Walczak

12, 2017		Far Horizons, Adler Planetarium General Astronomy
September 12, 2017	2:00–3:00 pm	Dr. Geza Gyuk Astronomer, Adler Planetarium High Energy Astronomy
September 13, 2017	12:00–1:00 pm	Dr. Pedro Raposo Curator, Adler Planetarium History of Astronomy and Adler’s Collections
September 13, 2017	2:00–3:00 pm	Dr. Grace Wolf-Chase Astronomer, Adler Planetarium Star Formation, IR and Radio Astronomy
September 14, 2017	12:00–1:00 pm	Dr. Adam Miller Northwestern University, Adler Planetarium
September 14, 2017	2:00–3:00 pm	Dr. Mark Hammergren Astronomer, Adler Planetarium Asteroids, Solar System
September 15, 2017	12:00–1:00 pm	Cynthia Tarr Far Horizons, Adler Planetarium
September 15, 2017	2:00–3:00 pm	Ken Walczak Far Horizons, Adler Planetarium General Astronomy
September 16, 2017	1:00–3:00 pm	Leslie Rogers Exoplanets
September 17, 2017	1:00–3:00 pm	Anne Schukraft Astro Particle Physics/IceCube experiment at South Pole
September 18, 2017	12:00–1:00 pm	Dr. Mark Hammergren Astronomer, Adler Planetarium Asteroids, Solar System

September 18, 2017	2:00–3:00 pm	<u>Dr. Grace Wolf-Chase</u> Astronomer, Adler Planetarium Star Formation, IR and Radio Astronomy
September 19, 2017	12:00–1:00 pm	<u>Dr. Pedro Raposo</u> Curator, Adler Planetarium History of Astronomy and Adler’s Collections
September 19, 2017	2:00–3:00 pm	<u>Dr. Geza Gyuk</u> Astronomer, Adler Planetarium High Energy Astronomy
September 20, 2017	12:00–1:00 pm	<u>Dr. Aaron Geller</u> Astronomer, Adler Planetarium Star Cluster Evolution
September 20, 2017	2:00–3:00 pm	<u>Dr. Geza Gyuk</u> Astronomer, Adler Planetarium High Energy Astronomy
September 21, 2017	12:00–1:00 pm	<u>Cynthia Tarr</u> Far Horizons, Adler Planetarium
September 21, 2017	2:00–3:00 pm	Patrick McPike Space Visualization Engineer, Adler Planetarium
September 21, 2017	7:00–8:00 pm	Sebastian Bocquet Galaxy Clusters, Kavli Institute for Cosmological Physics
September 21, 2017	8:00–9:00 pm	Faustin Carter Detector fabrication, South Pole Telescope
September 21, 2017	9:00–10:00 pm	Akash Dixit Cosmology, AstroParticle, Dark Matter
September 22, 2017	12:00–1:00 pm	<u>Cynthia Tarr</u> Far Horizons, Adler Planetarium
September	2:00–3:00 pm	<u>Cynthia Tarr</u>

22, 2017		Far Horizons, Adler Planetarium
September 23, 2017	1:00–3:00 pm	Alex Gurvixh Hydrodynamic simulations of galaxy formation/evolution
September 24, 2017	1:00–3:00 pm	Katie Brievik Planet Formation & Exoplanets
September 25, 2017	12:00–1:00 pm	<u>Dr. Grace Wolf-Chase</u> Astronomer, Adler Planetarium Star Formation, IR and Radio Astronomy
September 25, 2017	2:00–3:00 pm	Patrick McPike Space Visualization Engineer, Adler Planetarium
September 26, 2017	12:00–1:00 pm	Dr. Andrew Johnston VP of Astronomy, Adler Planetarium
September 26, 2017	2:00–3:00 pm	<u>Dr. Geza Gyuk</u> Astronomer, Adler Planetarium High Energy Astronomy
September 27, 2017	12:00–1:00 pm	<u>Dr. Mark SubbaRao</u> Astronomer, Adler Planetarium Large Scale Structure, Cosmology
September 27, 2017	2:00–3:00 pm	<u>Dr. Aaron Geller</u> Astronomer, Adler Planetarium Star Cluster Evolution
September 28, 2017	12:00–1:00 pm	<u>Dr. Lucianne Walkowicz</u> Astronomer, Adler Planetarium Exoplanets
September 28, 2017	2:00–3:00 pm	Nadejda Marounina

September 29, 2017	12:00–1:00 pm	<u>Dr. Mark SubbaRao</u> Astronomer, Adler Planetarium Large Scale Structure, Cosmology
September 29, 2017	2:00–3:00 pm	<u>Cynthia Tarr</u> Far Horizons, Adler Planetarium
September 30, 2017	1:00–3:00 pm	Abigail Vieregg CMB, Neutrinos, Cosmic Rays
