

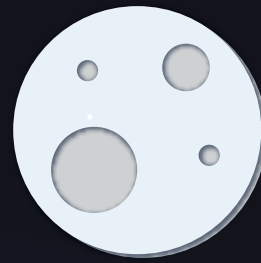

EXHIBITION BUILD FUN FACTS

781 DAYS

Chicago's Night Sky took 781 days for concept, design, and fabrication.

129 PEOPLE

About 87 current and former employees and 42 partners contributed to the creation of the exhibit.

5 NEWBORNS

Four team members had 5 babies over the course of exhibit development, including the Project Lead and Design Lead!

4 GALLONS
OF PAINT

Painting the *Atwood Sphere* took about 4 gallons of paint, which means we've added about 45 pounds of weight to the *Atwood Sphere*.

680 TOOTHPICKS

Around 680 toothpicks were used to temporarily fill the star holes in the *Atwood Sphere*.
