

ADLER EXCLUSIVE

The Deep Entry Experience

6:00-10:00 - Level 4, Rainbow Lobby

Which is truly scarier, the deep ocean or deep space? Choose your path and learn more about these extreme environments throughout the event, and keep an eye out for **Deep Fear Facts** in the exhibits that may help support or refute your choice!

The Deep Dance Party & Photo Op!

6:00-10:00 - Level 4, Café Galileo's

Our friends from MDM Entertainment will be spinning bone-chilling tunes all night long, so show off your costume and hit the dance floor!

Are You Afraid of the Deep? - with Shedd Aquarium

6:00-9:30 - Level 4, Curiosity Station

Animals in the deep sea have adapted some unique ways to survive there. Check out how these creatures live "under pressure" with some hands-on science!

Creatures of the Deep: Fact or Fiction? - with Shedd Aquarium

6:00-9:30 - Level 4, Curiosity Station

While the Xenomorphs from *Alien* might give you nightmares, reality is often stranger—and scarier—than fiction. Spin the wheel and guess if the animal is real or something out of sci-fi, and take home your own scary creature!

Collections Corner: Measuring the Depths

6:30-8:30 - Level 2, Astronomy in Culture

Join staff from our Collections Department in an exploration of historical tools that have been used to measure both the depths of the ocean & the farthest reaches of space.

BARS: 6:00-9:45

SPECIALTY COCKTAIL: *The Void*

DINNER FOR PURCHASE

Café Galileo's - Level 4: 6:00-9:00

SKY SHOWS & PRESENTATIONS*

*All theater shows/lectures/presentations are included in your admission ticket, and are between 15-30 minutes long. Plan to arrive at the theater 15-30 minutes before your chosen show time(s); seats are first-come, first-served.

Show: Expedition Reef

6:30, 7:45, 9:30 - Level 4, Grainger Sky Theater

Check out this original planetarium show from the California Academy of Sciences that reveals, in exquisite detail, the breathtaking beauty and biodiversity of coral reefs—and the scientists taking action to restore them.

Show: Universe Update - with the California Academy of Sciences

8:30 - Level 4, Grainger Sky Theater

Take a tour of the universe with a sprinkling of the hottest news stories from astronomy in this special "domecast" sky show co-hosted by CalAcademy's Morrison Planetarium in San Francisco.

Show: Skywatch Live

7:15, 8:45, 9:30 - Level 2, Definiti Space Theater

Explore the spectacular sights of tonight's sky in this live show.

Show: Cosmic Wonder

6:30, 8:00 - Level 2, Definiti Space Theater

This live show tells the story of how, through time, we have pieced together an understanding of the cosmos.

Talk: Deep Fear: What Weird Life on Earth Tells Us About Life Out There

7:15 - Level 1, Samuel C. Johnson Family Star Theater

Join astronomer Mark Hammergren and fish biologist Phil Willink for an exploration of how weird creatures on Earth are informing our search for life in our Solar System and on distant worlds.

Show: Welcome to the Universe

8:30 - Level 1, Samuel C. Johnson Family Star Theater

From the surface of the Earth to a supercluster of galaxies a billion light years away, explore space first hand in this show.

OTHER HAPPENINGS

Extremophile Explorers

6:00-9:30 - Level 4, Planet Explorers

Dive into the microscopic world to discover how our favorite microanimal, tardigrades, can survive in superheated water AND the vacuum of space.

Chicago Public Library Pop-Up

6:00-8:30 - Level 2, Astronomy in Culture

Explore some nightmares from classic sci-fi novels and nab some giveaways from *One Book, One Chicago* and our friends at the Chicago Public Library.

Telescope Observing

6:00-10:00 - Outside Level 3 South

Weather permitting

It Came From Space!

6:00-9:30 - Level 2, Community Design Lab

Did you know that a "shooting star" fell into Lake Michigan last year? A cross-museum team of teens, scientists and staff are working to retrieve the meteorite fragments, so come help us prototype a magnetic device to find these elusive space rocks!

Astronomy on Tap

6:00-9:00 - Level 2, What is a Planet?

Bring your smartphone and join Astronomy on Tap for trivia every half-hour to win prizes and learn about space!

Space Visualization Lab

6:00-10:00 - Level 2, Near Telescopes Exhibit

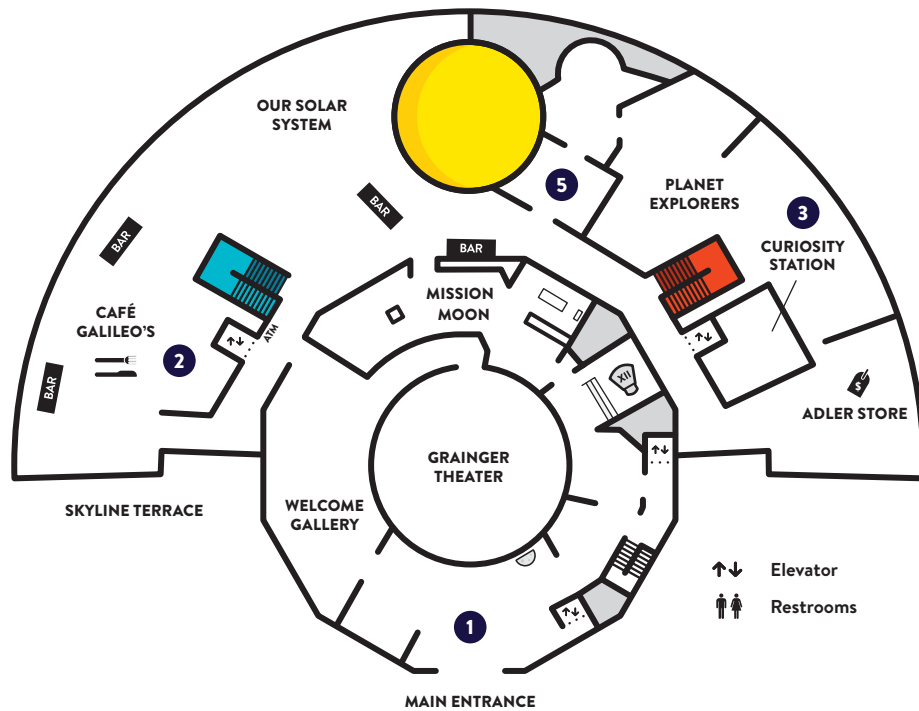

Check out what's happening in your universe with talks from local astronomers and physicists.

Atwood Sphere Tours

6:00-9:30 - Level 2

Navigate the night sky in a 105-year-old mechanical planetarium.

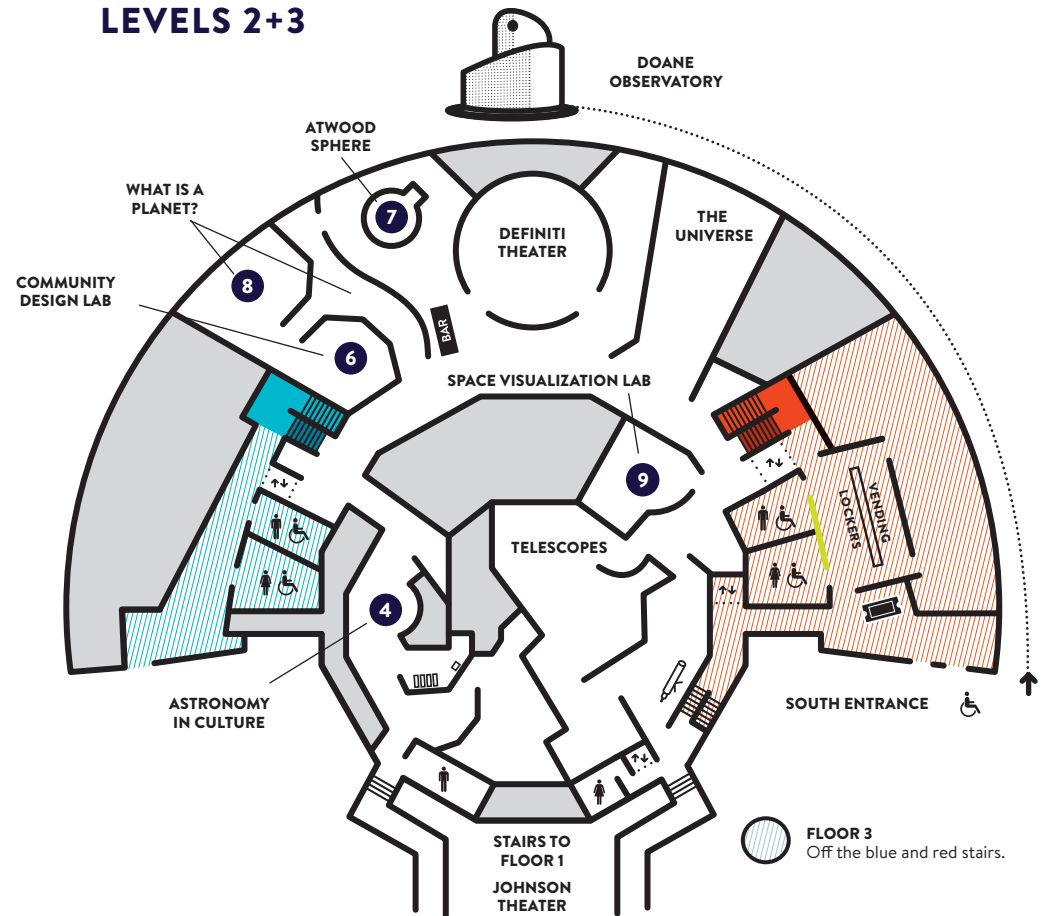

LEVEL 4
