ADLER EXCLUSIVE

Future World's Fair

6:00–9:30 / Level 4 [see icons on map for booth locations]

What will Chicago be like in 2033—one hundred years since the Century of Progress World's Fair? Chat with several organizations are developing innovative solutions to big challenges in areas like sustainability, clean energy, smart cities, and more.

Array of Things – Urban Sensor Project

Perkins+Will – Smart Cities

Plant Chicago – Aquaponics & Closed-Loop Systems

The James Dyson Foundation – Engineering Challenges

Collections Corner: At the Fair

6:30–8:30 / Level 4, Curiosity Classroom

Explore objects from the Adler's collection that were on display in 1933, including an electric relay that channeled light from the star Arcturus to light up the Fair.

Chicago00 VR Experience*

6:00–9:30 / Level 4, Planet Explorers

Experience the Century of Progress Fair up close with Chicago 00, a VR project produced by the Chicago History Museum and artist Geoffrey Rhodes, and chat with the team to see how they made it possible.

**Note: To get the most of your experience, please download the "Chicago 00: Century of Progress" app to your device OR go to www.chicago00.org. Public Wifi: Adler Universe.*

Lighting the Future

6:00–9:30 / Level 2, Community Design Lab

Chicago is one of the worst light-polluted cities in the world. But that is slowly changing. Learn more about how you can help bring back the night, and try your hand at making a streetlight baffle that can redirect light.

SKY SHOWS & PRESENTATIONS*

**All theater shows/lectures/presentations are included in your admission ticket, and are between 15-30 minutes long. Plan to arrive at the theater 15-30 minutes before your chosen show time(s); seats are first-come, first-served.*

Show: Planet Nine

6:30, 7:30, 8:30, 9:30 / Grainger Sky Theater

Follow Mike Brown on a journey to the outer Solar System and the hunt for Planet Nine.

Show: Skywatch Live

7:15, 8:45, 9:30 / Definiti Space Theater

Explore the spectacular sights of tonight's sky in this live show.

Show: Cosmic Wonder

6:30, 8:00 / Definiti Space Theater

This live show tells the story of how, through time, we have pieced together an understanding of the cosmos.

Talk: Inside the Planetarium Chamber, a Virtual Universe in 1933 and Beyond

7:30 / Samuel C. Johnson Family Star Theater

Join Adler Director of Theaters Mark Webb for a deep dive into the Adler's role at the Century of Progress Fair and the evolution of planetarium technology.

Show: Welcome to the Universe

8:45, 9:30 / Samuel C. Johnson Family Star Theater

From the surface of the Earth to a supercluster of galaxies a billion light years away, explore space first hand in this show.

ENTERTAINMENT: DJ Marty Mars

BARS: Level 4 & Level 2 – 6:00–9:45

SPECIALTY COCKTAIL: The Century Classic

DINNER FOR PURCHASE

Café Galileo's – Level 4: 6:00–9:00

OTHER HAPPENINGS

Chicago 2033 Photo Op

6:00–10:00 / Level 4, Our Solar System

Poems While You Wait

6:00–9:00 / Level 4 Hallway

Commemorate your experience with a Century of Progress poem by our friends at Poems While You Wait, a typewriter performance collective that produces poetry on demand. And don't forget to pick up a Fair postcard! Collect stamps of each "Future World's Fair" station and return for a prize!

Chicago Public Library Pop-Up

6:00–8:30 / Level 4, Planet Explorers

Check out games & books inspired by the Century of Progress Fair, including "Steam Park" where you can build a fair for robots, and peruse books on period architecture and newspapers from the period with our friends from the Library!

Telescope Observing

6:00–10:00 / Outside Level 3 South

Weather permitting

Astronomy on Tap

6:00–9:00 / Level 2, What is a Planet?

Bring your smartphone and join Astronomy on Tap for trivia every half-hour to win prizes and learn about space!

Space Visualization Lab

6:00–10:00 / Level 2, Near Telescopes Exhibit

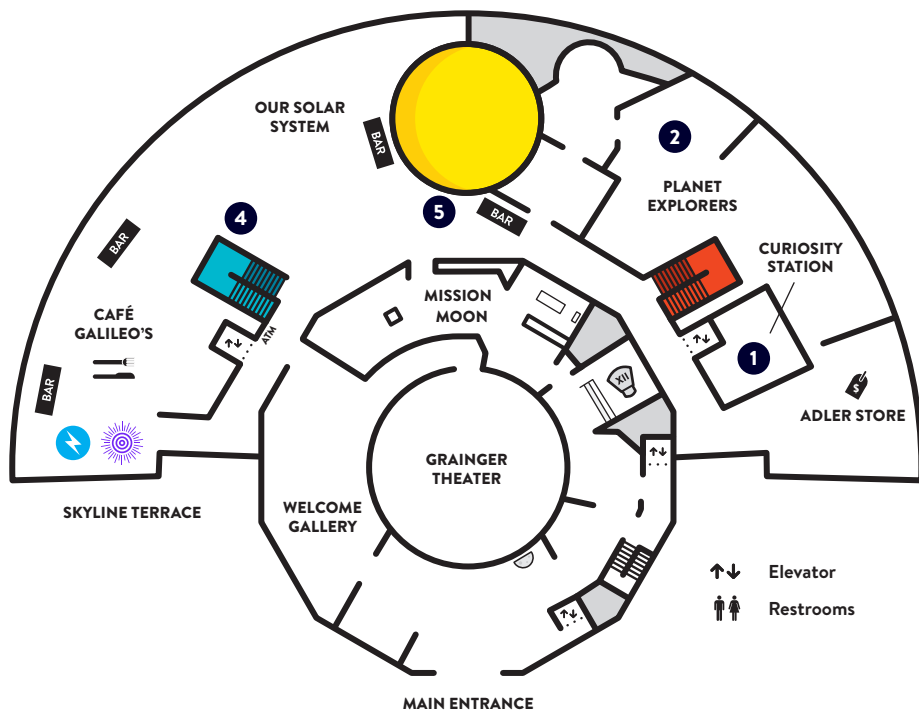

Check out what's happening in your universe with talks from local astronomers and physicists.

Atwood Sphere

6:00–9:30 / Level 2

Navigate the night sky in a 105-year-old mechanical planetarium.
