

Earthfest

SEEING THE BIG PICTURE

SPECIAL ACTIVITIES

Saturday, April 21

LEVEL 4

Sensory Station

Curiosity Classroom · 9:30 am - 12:00 pm

In the sensory station, young children and families investigate elements of Earth by experimenting with water (filters), exploring soil with their sense of touch, and observing other Earth-related concepts using discovery bottles.

Future World's Fair

Planet Explorers · 1:00 pm - 4:00 pm

Step into the future and celebrate our potential!

Citizen Science

Our Solar System Gallery · 10:00 am - 3:00 pm

Join Adler's very own Zooniverse, YOLO, and Far Horizons in people-powered research!

LEVEL 2

Mapping the Earth

Space Visualization Lab · 11:00 am - 12:30 pm

Join our Collections Curator in exploring how early globes and maps were made!

Make A Globe

Space Visualization Lab · 11:00 am - 1:00 pm

Make and take your own globe of the Earth!

Make A Sail Cart

Community Design Lab · 10:00 am - 3:00 pm

Make and test a wind-powered sail cart!

Stop by the **Welcome Gallery** at any time during the weekend to participate in and view the **SkyDay project**.

Sunday, April 22

LEVEL 4

Sensory Station

Curiosity Classroom · 9:30 am - 12:00 pm

In the sensory station, young children and families investigate elements of Earth by experimenting with water (filters), exploring soil with their sense of touch, and observing other Earth-related concepts using discovery bottles.

Future World's Fair

Planet Explorers · 1:00 pm - 4:00 pm

Step into the future and celebrate our potential!

Make A Sail Cart

Planet Explorers · 1:00 pm - 4:00 pm

Make and test a wind-powered sail cart!

Citizen Science

Our Solar System Gallery · 10:00 am - 3:00 pm

Join Adler's very own Zooniverse, YOLO, and Far Horizons in people-powered research!

LEVEL 2

SkyDay Project

Space Visualization Lab · 1:00 pm - 3:00 pm

Citizen Science meets Citizen Art in SkyDay Project! Come meet the Artist who made it all happen! [#skydayproject](#) [#skydaychicago](#)

Make A Globe

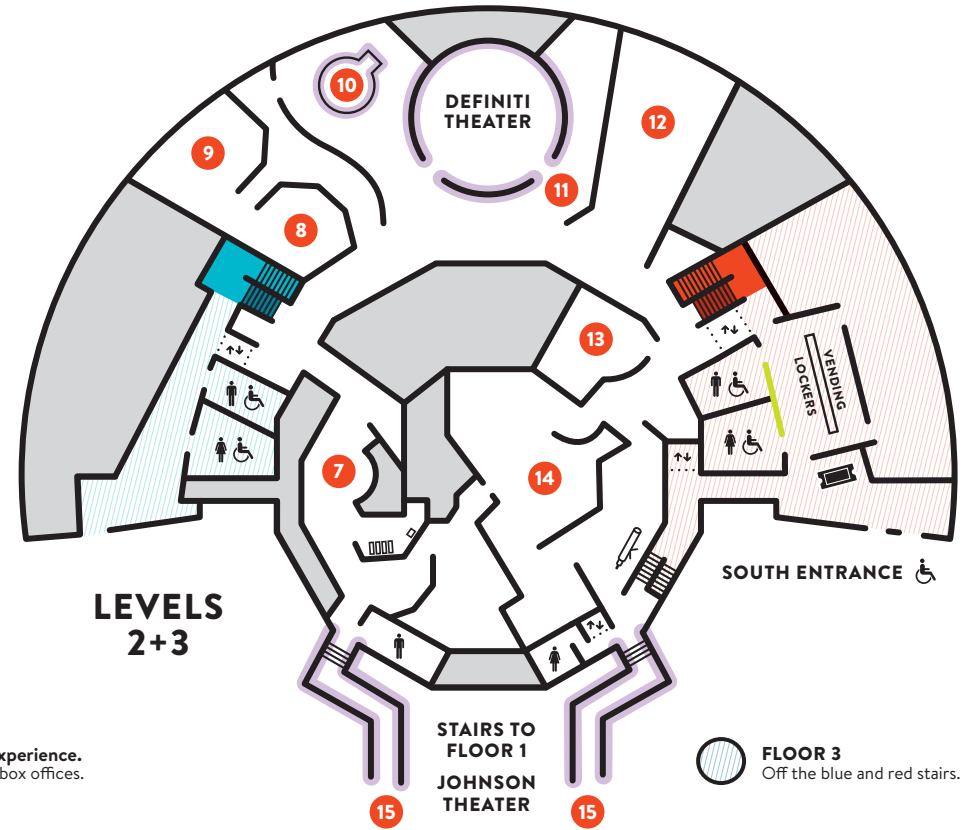

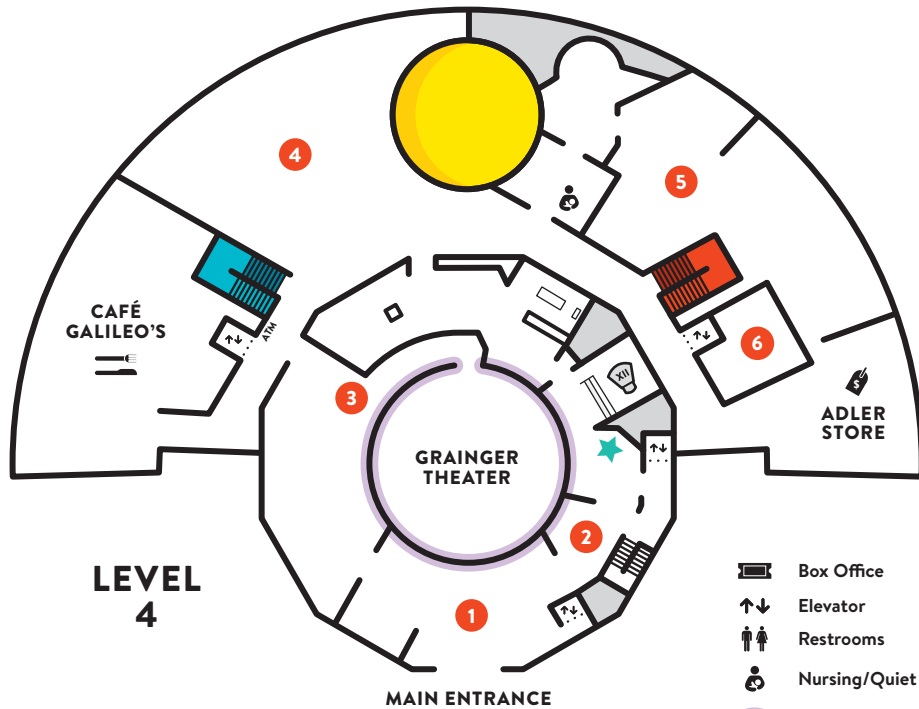

Astronomy in Culture · 11:00 am - 1:00 pm

Make and take your own globe of the Earth!

We Are Stardust

Community Design Lab · 10:00 am - 3:00 pm

Help build an art installation that explores Earth's humble beginnings!!

- 1 RAINBOW LOBBY**
Purchase sky show tickets or a membership at the Main box office.
- 2 MISSION MOON**
Experience the story of Capt. Jim Lovell and America's first steps into space. New display featuring women of *Hidden Figures*. ★
- 3 GRAINGER SKY THEATER**
Experience premier shows in the Adler's largest, most immersive domed theater. Enter through the Clark Family Welcome Gallery. **Tickets available at the box offices.**
- 4 OUR SOLAR SYSTEM**
Explore the many worlds—planets, moons, dwarf planets, comets, and asteroids—that orbit the Sun.

- 5 PLANET EXPLORERS** GREAT FOR KIDS
Children can climb, pilot, and excavate from the familiar to the unknown, all while discovering a new world.
- 6 CURIOSITY STATION**
A hands-on program space for guests of all ages. See staff member for schedule.
- 7 ASTRONOMY IN CULTURE**
Go back in history to learn about some of the cultures that have engaged in the quest to understand their place in the Universe.
- 8 COMMUNITY DESIGN LAB**
Come do science with us in this collaborative design space.
Open 10 am until 1 hour before close.

- 9 WHAT IS A PLANET?**
Discover that new approaches and outlooks in science can change how we define worlds near and far.
- 10 HISTORIC ATWOOD SPHERE**
Experience the night sky as it appeared in 1913 in Chicago's oldest planetarium. **Tickets available at the box offices.**
- 11 DEFINITI SPACE THEATER**
Tickets available at the box offices.
- 12 THE UNIVERSE: A WALK THROUGH SPACE & TIME**
Visit distant corners of the cosmos and witness how the Universe has evolved over 13.8 billion years—from the Big Bang to modern day. Located in the Pritzker Hall of Cosmology.

- 13 SPACE VISUALIZATION LABORATORY**
Scientists, technology experts, artists, and educators collaborate to create new ways for people to virtually explore the Universe.
- 14 TELESCOPES: THROUGH THE LOOKING GLASS**
Uncover the extraordinary beauty and technology of some of the world's most important telescopes.
- 15 JOHNSON STAR THEATER**
Tickets available at the box offices.
