

Tour Guide

Welcome to Camp!

Summer Worlds Tour opens the doors of Adler Planetarium, The Field Museum, and Shedd Aquarium for campers to explore the depths of sky, land, and water through exhibit exploration, hands-on activities, games, and art projects.

KEY CONTACT

Please call (312) 692-3367 in the event of a sick camper, emergency, or late arrival/pick-up.

For any campers with allergies, medications or other special considerations:

There was a portion of registration for this information. Please let us know if there is any additional or new information that we should be aware of while your camper is in our care.

WHAT'S INSIDE THE TOUR GUIDE?

- Parent Tool Kit
- What's going on at camp
- Drop-off/ Pick-up Checklist
- Parking Information
- Other Family Programs

PARENT TOOL KIT

We have a week full of fun and exciting adventures planned for your camper. After a half-day “explorer training” on Monday morning, campers will spend a day and half at each institution. Take a look at the schedule below to determine where your child will be on any given day.

WHAT'S INSIDE YOUR BACKPACK

Help your camper pack their backpack with these items:

- Water bottle and sunscreen.
- Peanut and tree nut free lunch. For the safety of all participants, it is required that lunches are free of products containing peanuts or tree nuts.
- Extra snacks and drinks. Please pack a little extra in your camper’s lunch for healthy snacking.

Help your camper dress appropriately each day:

- Mandatory Summer Worlds Tour T-shirt- All campers will receive one camp t-shirt unless you purchased additional t-shirts during registration. (Inquire with your counselor if you wish to purchase more). Please be aware **if a camper comes to camp without the mandatory t-shirt, an additional t-shirt must be purchased.**
- Comfortable clothes- Summer Worlds Tour is all about exploring and sometimes the work gets a little messy. For our youngest campers, a set of spare clothes is a good idea.
- Closed toed shoes
- Lightweight jacket or sweatshirt or rain gear (if necessary). Some museums spaces will be a bit chilly

CAMP SCHEDULE

Groups		Monday	Tuesday	Wednesday	Thursday	Friday
A,C,E	AM	Orientation	Field	Shedd	Shedd	Adler
	PM	Field	Field	Shedd	Adler	Adler
B,D,F	AM	Orientation	Shedd	Adler	Adler	Field
	PM	Shedd	Shedd	Adler	Field	Field

Car Ride Home Questions

Adler Planetarium

In celebration of the 50th anniversaries of the Apollo missions, campers will explore the Moon at Adler. They'll investigate the technology that made Moon landings possible, create art inspired by the Moon's beauty, and search for engineering solutions to space travel challenges! They'll also see a show in one of our state-of-the-art theaters and explore Adler's exhibits.

- Would you travel to the Moon like the Apollo astronauts did? Why or why not?
- What do you see when you look up at the Moon? Do you see the man in the Moon, a rabbit, or something else?
- Some people think humans will live on the Moon someday. Do you think that will happen? Why would living on the Moon be a good idea? What would be hard about living on the Moon?

Field Museum

Coinciding with the opening of Fantastic Bug Encounters! at the Field Museum, campers will become entomologists! They will explore the hidden world of bugs and learn what makes an insect and insect. While investigating how bugs adapt and evolve, campers will practice scientific illustration, hold live bugs, and create a bug of their own invention.

- What is an insect? What makes insects different from other types of bugs?
- How have insects adapted to better survive and thrive in their habitats? What are some of their features and how do they use them?
- In what ways are insects helpful to humans? Why are they important to study and protect?

Shedd Aquarium

Life underwater is very different than life on land. From how animals move to how light behaves – this underwater world has led to amazing animal adaptations across all animals who call our waterways home. Campers will explore life underwater and investigate these amazing animal adaptations. Campers will meet animals up close, explore habitats, and see the world through the lens of an underwater animal.

- What was your favorite animal that you met today? What does this animal have that helps them live in their underwater environment?
- What is one way that living underwater is different than living on land? What animal did you explore to learn this?
- Which part of Shedd's Underwater Beauty exhibit did you like the most - shimmer, color, pattern, rhythm, or movement? In your eyes, what was the most beautiful animal in that exhibit and why?

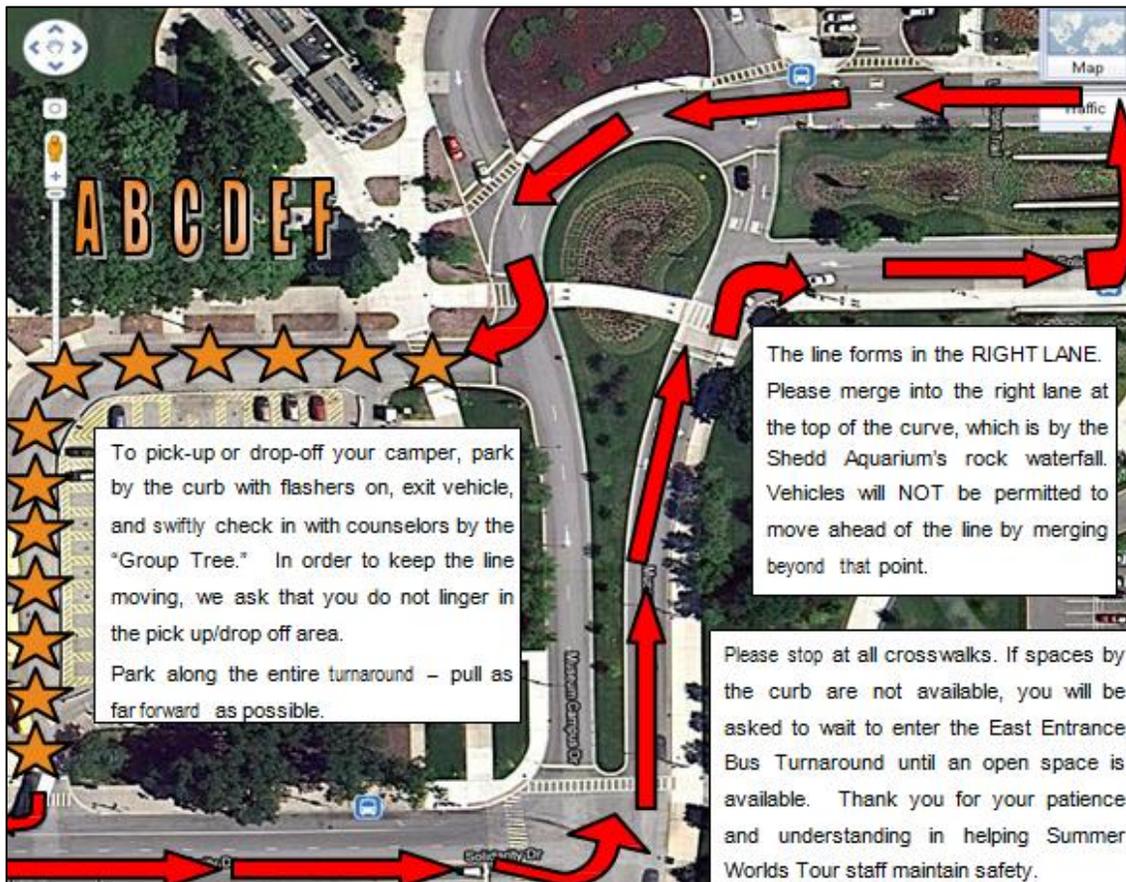

Tour Guide

What's Happening on Museum Campus?

Adler Planetarium	<p style="text-align: center;">Young Explorers Mondays</p> <p>Calling all explorers between the ages of two and six! Check out Young Explorers' Mondays from 9:30 am – 1:00 pm, where children and their families can try stellar hands-on activities like Fly a Kite, Stories Under the Stars, and more.</p> <p style="text-align: center;">'Scopes in the City</p> <p>Adler astronomers and educators are bringing the museum—and the Universe—a little closer to you! With 'Scopes in the City, Adler astronomers and staff lead free telescope observing programs in Chicago neighborhoods. Depending on the dates, times and locations of the 'Scopes in the City events, attendees may be able to observe the Sun, Moon, Jupiter, Saturn, and more!</p> <p>https://www.adlerplanetarium.org/education/scopes-in-the-city/</p> <p style="text-align: center;">Doane at Dusk</p> <p>Home to the largest aperture telescope available to the public in the Chicagoland area, the Adler's Doane Observatory provides visitors a unique opportunity to see a variety of celestial objects like the Moon, Jupiter, Saturn and more! At Doane at Dusk, guests will enjoy nighttime telescope viewings and related discussions with Adler Astronomers after museum hours.</p> <p>These events are FREE and open to the public but are weather permitting.</p> <p>https://www.adlerplanetarium.org/doane-at-dusk/</p>
Field Museum	<p style="text-align: center;">Sensory Saturdays</p> <p>This event welcomes families and children with disabilities, as well as with sensory processing needs, to a sensory-friendly morning in the Crown Family PlayLab. Siblings, family members, and caregivers are also welcome. Free with advance registration. For more information on upcoming dates, visit fieldmuseum.org/our-events/sensory-saturday.</p> <p style="text-align: center;">Dozin' with the Dinos Overnights</p> <p>Come see the Museum in a different (and dimmer) light! Children ages 6-12 and their adults get a chance to view unique items from our collections, get hands-on experiences, and hear the stories behind the exhibitions in an overnight to remember! Tickets for the 2020 season will be available for purchase in August. For dates and information, visit fieldmuseum.org/overnights.</p> <p style="text-align: center;">Crown Family PlayLab</p> <p>Our <i>PlayLab</i> is getting a face lift! We will be closing August 10 to update our hands-on, interactive, early learner space. Check our website for information about our reopening this fall.</p> <p>https://www.fieldmuseum.org/exhibitions/crown-family-playlab</p>
Shedd Aquarium	<p style="text-align: center;">Asleep with the Fishes Overnights</p> <p>Come explore the aquarium in a whole new light after hours! Explore until 11 p.m. or spend the night in one of our exhibit spaces surrounded by animals! Enjoy an Aquatic Show, animal encounters, activities and more. Come join us at one of our 2019 fall dates: October 25th, November 15th and December 20th.</p> <p>https://www.sheddaquarium.org/plan-a-visit/visitor-guide/Experiences/Asleep-with-the-fishes/</p> <p style="text-align: center;">Camp Shedd: Summer Splash!</p> <p>Did your camper have so much fun at Summer Worlds Tour that they want to come back for more camp fun? Continue exploring the amazing adaptations of underwater animals at Camp Shedd: Summer Splash! Camp runs from 9 a.m. to 3 p.m.; aftercare runs from 3 to 5 p.m. Registration is open now for Session Two, running August 12th through the 16th.</p> <p>https://www.sheddaquarium.org/Learning-Experiences/Families--Adults/spring-and-summer-programs/camp-shedd-summer-splash/</p> <p style="text-align: center;">Camp Shedd: School's Out!</p> <p>When school is out, we invite you in to uncover the world of aquatic life at Shedd. Your K-5 learner will spend their day doing hands-on science activities, experiencing animal encounters and exploring Shedd's habitats. Camp runs from 9 a.m. to 3 p.m.; aftercare runs from 3 to 5 p.m. Fall 2019 Dates: October 13th, November 8th and November 11th.</p> <p>https://www.sheddaquarium.org/Learning-Experiences/Families--Adults/spring-and-summer-programs/camp-shedd-schools-out/</p>

Pick-up / Drop-off Reminders

- Drop-off/Pick-up happens in the Field Museum East Lot Bus Loop – Do not exit your car until parked in the area designated with stars in the picture below.
- Morning drop-off is from **8:30am to 9am**. Afternoon pick-up is from **3pm to 3:30pm**. Please avoid arriving before these windows begin to assist with traffic management.
- **If running late, please call 312-692-3367** – there is a \$5 fee for every 5 minutes after 3:30PM.
- **Anyone picking up a camper from camp must have a valid photo ID AND be on our list of authorized signers.** Please check this list with your counselor or call 312-692-3367 if someone else is picking up your camper.
- Place drop-off/pick-up placard (received in your email) on dashboard for staff managing traffic to see. This placard gives you 5 minutes to leave your car in the bus loop to sign your camper in/out. If you need more time, you'll need to park in a Museum Campus parking lot or on the street after 9AM.
- Look out for Summer Worlds Tour Staff who will be directing traffic into the Field Museum Bus turnaround – be aware, busses have priority and **we may need to ask you to wait or loop around**.
- The entry line will form in the right lane starting at Field's bus loop and runs back to the entry of Shedd's bus loop. If the line is back to this point, you may be asked to loop around again.
- In the event of inclement weather, drop-off will still be at Field Museum in the East Entrance. If there is dangerous, extreme weather, look for an email directing you to the appropriate drop-off location or call 312-692-3367.
