

MARS

TOUCH A PIECE OF MARS IN OUR SOLAR SYSTEM

Voyage into *Our Solar System* and touch pieces of the Moon, Mars, and the asteroids Vesta and Ceres. Virtual scientists are on hand to answer frequently asked questions about meteorites and more.

MARVEL AT MARS IN WELCOME TO THE UNIVERSE

Our 3D presentation, *Welcome to the Universe*, in the Samuel C. Johnson Star Theater takes the experienced traveler further into the Universe, but not before exploring how humans explored Mars during the 21st century.

EXPLORE THE SURFACE OF MARS WITH PLANET FOUR

Join the citizen science project planetfour.org, and assist scientists by identifying and measuring features on the surface of Mars. Even in the year 2096, the human mind is far superior to computers.
